

PA System Advanced Microphone

Model: LSP 25

Element: $\varnothing 9.7$ Condenser

Polar pattern: Heart-shape

Sensitivity: $-43\text{dB} \pm 3\text{dB}$

Frequency: $80 \sim 12000\text{Hz}$

Output impedance: $\leq 200 \Omega$

Operating voltage: DC3V

Specifications

High-quality style in adoption in this microphone of capacitance screen head, and learning construction to design with meticulous care, having a smooth audio rang the characteristic with the ideal heart-style pointing, the voice is special clear, brightness, novel features, beautiful generous. In keeping with every kind of meeting, lecture, public broadcast etc.
